LANDSCAPE RAKE

SKID STEER ATTACHMENT

RAKEN' THEM IN...

An attachment that pays for itself in a very short amount of time, replacing your hand labor work crew. The Landscape Rake was designed to remove small to medium-sized rock as small as 3/4" along with unwanted roots and debris. The Landscape Rake also breaks up lumpy soil, while grading, leveling, scarifying – preparing the soil in a one-step process. This is the perfect tool for preparing a seedbed, sodding or lawn leveling.

FEATURES

- Picks up material as small as 3/4"
- Adjustable side skids for setting depths
- Exclusive replaceable bolt-on rake bars
- Rake bars scarify and level while breaking up lumpy soil and picking up rocks
- Dual springs on cover allow for adjustable down-pressure
- Top cover opens hydraulically for easier dumping
