METAL SHEARS

SKID STEER ATTACHMENT

CUT IT OUT ...

This versatile unit cuts pipes and other metals. Free floating rotation makes alignment easy and allows you to get into hard-to-reach places. Perfect for demolition, scrap yards, and recycling sites.

FEATURES

- High-strength jaw material. Arms of shear are made with Hardox 500, one of the world's hardest steels for durability and abrasion resistance.
- Pins with large diameter provide even stress distribution. Surfaces are coated with chrome for abrasion resistance.
- High quality cylinder is designed for 350 bar with high quality seals
