UTILITY LOG SPLITTER

SKID STEER ATTACHMENT

LICKETY SPLIT...

The Utility Log Splitter splits through large and odd-shaped logs in seconds, reducing the amount of back-breaking lifting and loading that comes with other log splitters. Split cords of wood in a matter of minutes... not hours! This tool is great for contractors, arborists, rental operators, and farm use. The Utility Log Splitter will deliver up to 20 tons of force to its splitting wedge, making hard work easy.

FEATURES

- Heavy-duty I-beam construction
- One person operation
- Up to 20 tons of splitting force
- Self-supporting foot rest
- Two configuration splitting – vertical and horizontal
- Remote valve for operation outside of skid steer
- Provides mobility in tight and remote areas
- Hands-free auto-return
